Quick Install Guide For bwa™ Kit - BP2000/2100

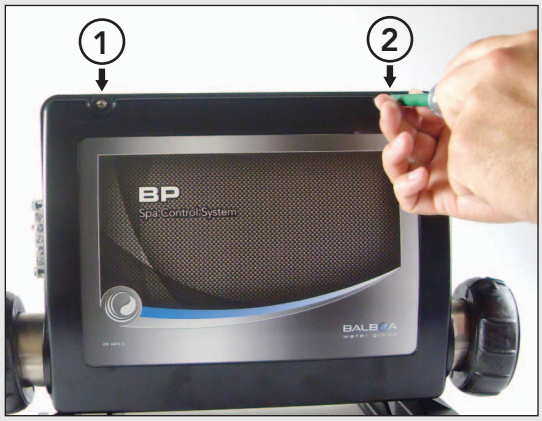

TOOL YOU WILL NEED

– Phillips screwdriver 

WARNING!

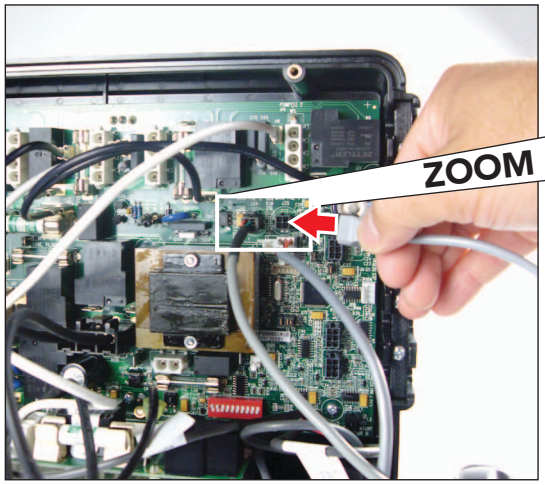

Please contact an electrician or your local electrical company to connect the Wi-Fi connector for you. **DO NOT OPEN THE SPA SYSTEM AND ATTEMP TO CONNECT THE WI-FI CONNECTOR YOURSELF**. The high electrical voltage will harm or kill you.

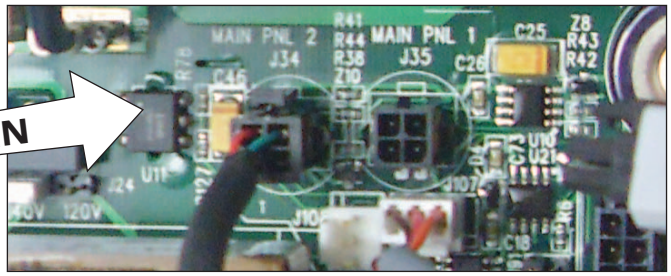

STEP 1

– Use a phillips screwdriver to remove the 2 top screws that hold the system cover in place.

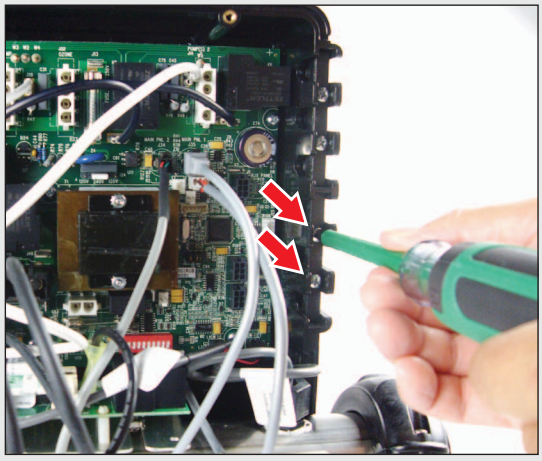

STEP 2

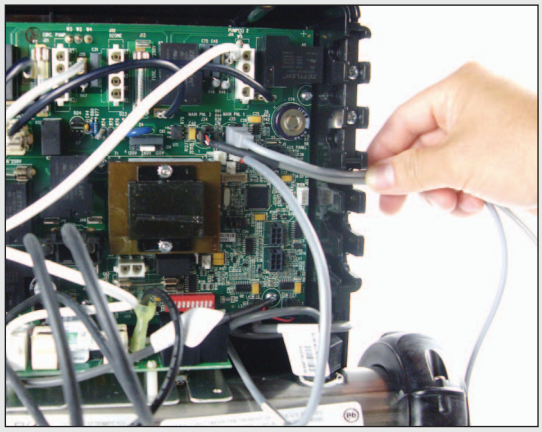

– Insert the Balboa Wi-Fi Cable into either Panel Jack J34 or J35.

STEP 3

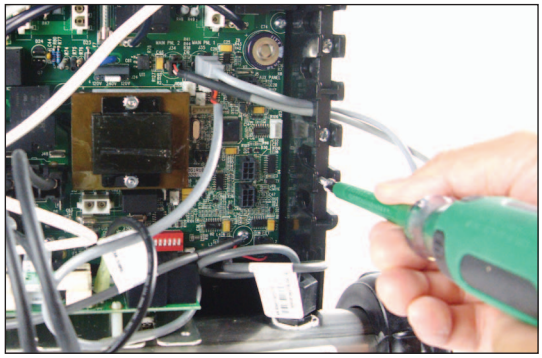

– Remove 2 screws to open the cable holder.

STEP **4**

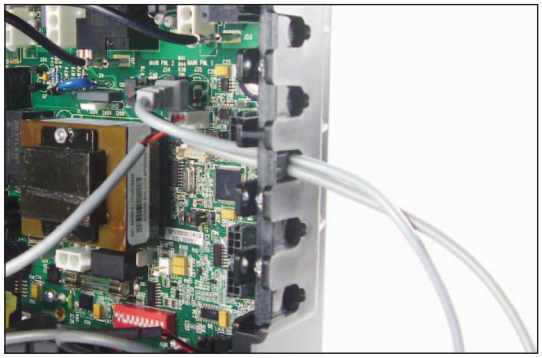

– Place the Wi-Fi cable and Control Panel cable inside the wire holder.

STEP **5**

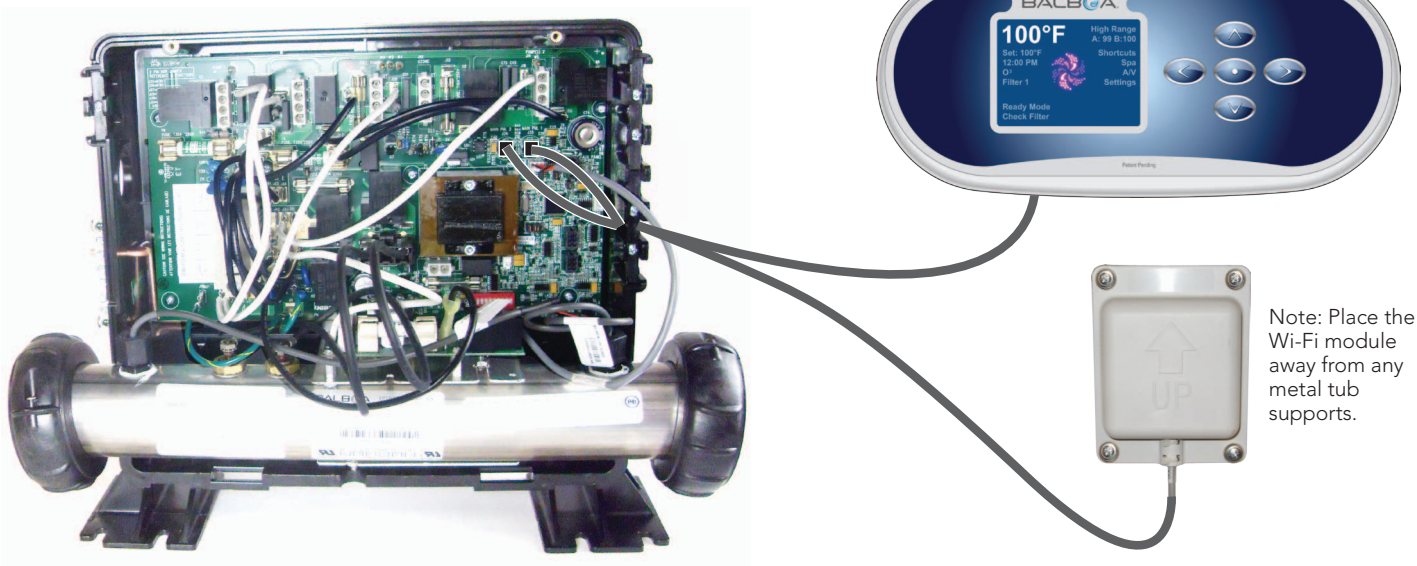

– Insert the plastic holder and 2 screws back in place. Make sure the 2 cable wires are secure in place.

– Close up shot of how the 2 wires should look.

– Close the Control Panel System cover and secure the 2 top screws. **YOU'RE DONE!**

This is how your system should look like when finished.

Note: Place the Wi-Fi module away from any metal tub supports.
